Justice K S Hegde
Founder

ABOUT THE MANAGEMENT

Nitte Education Trust was founded in 1979 by Justice K S Hegde, Judge of the Supreme Court of India and Speaker of the Lok Sabha. Justice Hegde strongly believed that education is pivotal to the overall progress of a community and this vision led to the birth of Nitte Education Trust. After his demise, his son, Mr. N V Hegde, took up the task of transforming his dreams to reality.

ABOUT THE INSTITUTION

Nitte Institute of Architecture, affiliated to Nitte University is also recognised by the Council of Architecture. The Institute offers a 5-year bachelors degree in Architecture.

The Institute has been envisioned to be a centre of excellence in tropical Architecture with partners across the globe. A hallmark of the program is the co-op education model that has been introduced as a hybrid within the Institute's curriculum. Here students have the opportunity to intern with artists, artisans, architects and urban designers all through the course, gaining invaluable practical experience. Research centres are being promoted to deal with smart cities, alternative technologies and energy and sustainability. Sustainability and energy studies will be a strong component emphasized through research including the LEED Lab program through which students will have the ability to gain substantial experience working on live projects slated for green building certification.

COURSES, INTAKE AND DURATION

BArch [Bachelor of Architecture]: Intake 40

Duration: The period of study of the course extends over 10 semesters (5 years) including internships and special study courses based on student interest.

The 6th and 9th semesters will be integrated learning pattern semesters and shall consist of experiential learning, cooperative education internships in industry, arranged by and under the guidance of the Institute.

FACULTY

DIRECTOR: Prof. Vinod Aranha

Prof. Vinod Aranha holds dual Masters' degrees in Architecture and Urban Planning from the University of Illinois at Urbana-Champaign (USA), a Certificate in Business Administration (UIUC), and LEED accreditation from the US Green Building Council.

Being a researcher on energy conservation at the Building Research Council at the University of Illinois, and LEED Technical Development at the US Green Building Council (USGBC) in Washington DC, he led development of technical standards that pushed industry to new solutions on climate change while coordinating the work of volunteers that included scientists, industry and academic experts.

As Professor at Manipal University he was the faculty resource for energy and sustainability courses. He has held active positions with professional bodies such as Indian Institute of Architects (IIA); was member of the American Planning Association (APA), Associate member of the American Institute of Architects (AIA), and ACE mentorship program of North America.
